

CPCP

WISCONSIN CHILD PSYCHIATRY
CONSULTATION PROGRAM

Thank you for participating in the CPCP! By accessing the consultation services, completing education modules, and responding to program surveys we are able to gather data to validate the need for sustainability and growth. Our hope is to expand CPCP's services statewide and your continued participation and use of services will help make this possible.

Save-the-Date: The Wisconsin Chapter of the American Academy of Pediatrics (WIAAP) and the CPCP are holding a full-day mental health conference

This one day conference is MOC Part 2 and CME-credited for primary care providers of children and adolescents with mental and behavioral health issues and will be held in Central WI on Thursday March 2nd, 2017.
